Jefferson Hi Needs $1,110,529 Next Year

INCREASED ENROLLMENT, NEW SCHOOL SWELL BUDGET APPROVED BY BOARD

A $1,110,529 budget to take care of current operating expenses, capital outlay, and reserve funds for the Jefferson high school district during the coming school year was approved at the regular meeting of the school's board of trustees Monday night.

The budget, allotting $632,860 for current operating expenses, $380,700 for capital outlay, and $96,969 for reserves now goes to the county board for approval.

Described by a spokesman in the office of the county superintendent of schools as the largest ever drawn up by the Jefferson high school district, and exceeding last year's budget of $923,347 by $187,182, the new itemization anticipates an increased enrollment and allows for major maintenance costs and expenditures on the new Westmoor high school scheduled to be started within the next few months.

Major single item is the allotment for teachers' salaries, which is $397,440. In the capital outlay, $300,000 have ben earmarked for the new Westmoor high school.

In addition to the current expenses and capital outlay, the report on proposed spending by the local high school district includes $50,000 for undistributed reserves (contingent funds available for use during the school year), $46,000 for general reserve portion of the fund budget, and $300 revolving (petty cash) fund.

These reserves, the county spokesman said, are set aside to take care of emergency expenditures, whether covered by insurance or not.

In a preliminary report to the county superintendent of schools, Jefferson high school district officials cited an estimated increase in enrollment, citing an average daily attendance of 1,340 during the coming year.

This, plus portions of expenditures on the new high school, has brought this year's budget to a record high.

District Attorney Reminds Residents Fireworks Not Legal

It is unlawful to sell, possess, or discharge fireworks of any kind in the City of Daly City, local residents were reminded this week by Keith C. Sorenson, district attorney and secretary of the Law Enforcement association of San Mateo county.

Sorenson stated that now that the Fourth of July is only a few weeks away it is vital that the people of the area realize that local laws prohibit fireworks.

Other cities in the county which prohibit the sale, possession and use of fireworks are South San Francisco, Burlingame and Colma. The remainder of the cities and the unincorporated areas in San Mateo county allow the use of certain types of fireworks designated as safe and sane fireworks.

Sorensen said that safe and sane applied to fireworks that do not explode, contain gun powder, discharge balls of fire, rise into the air, or dart or travel about the surface of the ground. Examples of sane and sane fireworks are pin wheels, fountains, cones, flower pots, sparklers and toy cap pistols.

Permits for the use of fireworks for public displays may be granted upon certain conditions upon application to the fire department of the area in which use of the fireworks is contemplated, Sorenson explained.

Persons wishing to sell fireworks must make application to the chief of the local fire department and obtain permits.

GRADUATION RITES OFF FOR YOUNG ACCIDENT VICTIM

There will be no graduation ceremonies Thursday night for young Bill Maynard, whose early morning ride to school last Monday ended in a hospital.

Bill, 14-year-old son of Mr. and Mrs. H. G. Maynard, 50 W. Moltke, was injured when he was hit by a car driven by Marjorie Helen Tobias, principal of Colma school which the youth attends. The accident occurred shortly after 8 a.m. at the intersection of Market and 2nd avenue.

According to Daly City police, Miss Tobias was driving her sedan west on E. Market, while the youth was pedaling south on 2nd avenue. At the intersection, the Maynard boy made a left turn into Market street, reportedly cutting the corner "sharply."

Police officers who responded to the call rushed the injured youth to Junipero Serra hospital where he was found to have incurred a fracture of his left thighbone, bruises on the knees, head contusions and to be suffering from shock.

Later in the day, the youth was transferred to Mary's Help hospital for a surgical operation to mend his thighbone.

In the meantime, police did not issue a citation to Miss Tobias who told investigating officers that the Maynard boy "cut the corner sharply and was travelling too fast, as he was late for school."

The boy, youngest of the Maynard's three children, was to have participated in graduation rites of Colma school eighth graders this Thursday night.

CITY OFFICIALS MEET AT INFORMAL DINNER AND GET-TOGETHER

What some observers viewed as a precedent in the history of City Hall took place at The Southern restaurant Tuesday night when Mayor Joe Verducci gathered his official family for an informal get-together.

Only two commissioners failed to attend the affair which marked the first time that Daly City's department heads, commissioners, councilmen and mayor broke bread together while exchanging views and getting acquainted.

During the evening Daly City's commissioners heard their mayor deliver a few words on the type of relationship that should prevail between the council and the commissions.

"Daly City has problems, and we need your help and advice," Mayor Verducci told the group. "You are a recommending body to the council and nine times out of ten, the council will go along with your recommendation."

Urging his commissioners to channel their suggestions through City Administrator Dan Andersen, the mayor pointed out that operating through channels will insure efficient performance of all concerned.

"You are specialists picked by us," said Mayor Verducci, "and our administration will rise or fall with the men we pick."

Verducci drew the line sharply between the functions of the council and the commissions, when he described the commissioners as policy makers and councilmen as administrators.

"We will leave the policy making to you; you leave the administration to us. If we work along this line, our jobs will be made easier all the way around."

Sanford Vickers, former city planning commissioner who now occupies a council seat, brought up the theme of "pulling together," which was echoed by his colleagues who spoke after him.

Others who delivered brief remarks to the group included Councilmen Del Wilson, Edward Dennis and Micheal DeBernardi.

COUNCIL NAMES 13 TO VACANT POSTS IN AREA

Harold Holman, 71 Cliffside drive, and Louis Larcombe, 49 Sheffield drive, were approved by the City Council as members of the parking authority and fire commission, respectively, during the council session Monday night.

Approved by the council in the same actions were the appointment of Walter Rector, 331 Woodrow, Ray Charette, 40 Hillcrest, and Sadie Cardellini, 6185 Mission street, to the parking authority, and Robert Hunter, 437 Santa Barbara and Emil Bertelli, 34 Bepler to the fire commission.

RESIDENTS FIGHT REZONING

Parents Voice Their Dissatisfaction With The Local Schools

In general the people of Daly City are dissatisfied with the facts that the local elementary schools are forced to hold double sessions, have no cafeterias, don't have enough class room space and don't own adequate recreation facilities.

This information was a part of the large number of facts learned as a result of a survey conducted by the Jefferson Elementary School district to determine what the average parent thinks about the school system. The survey was made in all the schools in this district with one questionnaire going to each student in the smaller schools and 200 questionnaires distributed at random to the students of the larger schools.

According to Fred Schweickhardt, director of education in the district, 1550 questionnaires were sent out and 92% of that number returned. A total of 4% of the returned blanks had not been filled out however.

The survey, Schweickhardt said, was to sample the opinion of the silent group of parents who fail to allow the school officials to know their opinions through the ordinary channels of the PTA, parent-teacher conferences, etc.

"Usually the only people we hear from are the ones who have complaints to make or people who are very, very pleased with the results of our work," Schweickhardt said.

The survey questions were made up by the Kellogg foundation and none of the questions were changed and only those not pertaining to this area were omitted, the director explained.

Tabulations of the answers show that most parents are favorably impressed with the schools for more favorable comment was received than desparaging ones, Schweickhardt announced.

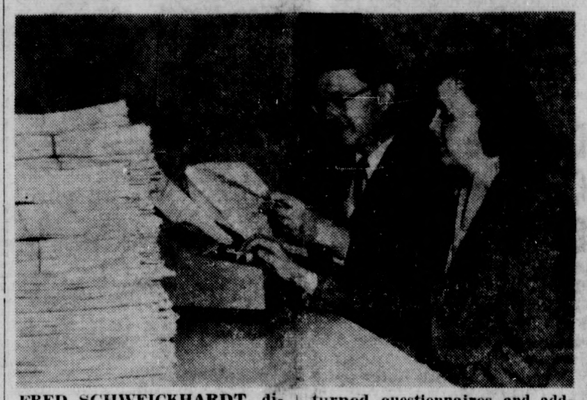

The form contained personal questions on the families economical and educational level as well as questions relating directly to the school.

Totals on questions concerning the total school program showed that 328 felt it was excellent, and 920 felt that it was above average. Only 170 felt that the schools have poor programs.

One of the most interesting answers, said Schweickhardt, concerned teacher pay and tax increases to support a raise in pay for the school employees. The survey question read, "In order to pay teachers more, I would be willing to pay: a lot more taxes, a little more taxes, no more taxes." The answer to this question was 197, a lot more taxes; 876, a little more taxes; and 447, no more taxes.

The survey showed that the things parents would like most to know about the schools are the methods of teaching and the progres of their children. In connection with the latter, Schweickhardt stated that a new report card system will be put into operation in the fall.

Other queries showed that 978 persons felt that teachers should be paid more, that 947 would be willing to pay more taxes for better school buildings, and that 805 felt that what their children were learning in school now will be a great help in the future.

FRED SCHWEICKHARDT, director of education and Mrs. Jody Jenkins, secretary to the education department of the Jefferson Elementary School district, pose with stacks of returned questionnaires and adding machine during the process of tabulating the finding of the Kellogg survey.

JULY 14 DATE SET FOR TRIAL OF KLEES CASE

1 Injured, 35 Routed In Early Morning Fire At Motel Here

Some 35 tenants were routed from their sleep and a woman was slightly injured when an early morning fire broke out at the Westlake Apartment motel here yesterday.

Injured was Mrs. Velma Roberts of 6697B Mission, who suffered slight burns when she stepped on a molten cord plug which was burned during the blaze. Origin of the fire, described by Captain Mel Hansen of the Daly City fire department as "minor," has not been determined.

According to fire department reports, the blaze was first discovered at 12:29 a.m. by Daly City police officer James Welsh who was cruising in the area when he noticed smoke coming out of the apartment building. After turning in the alarm, Welsh started a round of the doors to rouse tenants of the apartment motel.

Also credited with having prevented tragedy was an unnamed Dalmatian dog which, Captain Hansen said, awoke some of the tenants with his barking.

Three pieces of equipment and a standby crew answered the call to the blaze, which inflicted damage estimated by Daly City's fire chief at "less than $500."

The injured woman, Mrs. Roberts, was given first aid at the scene of the fire and later sent to Junipero Serra hospital for treatment.

PO Dept. To Issue Stamp Honoring Geo. Eastman

The Post Office department will issue a three cent commemorative stamp honoring George Eastman, inventor and philanthropist, on July 12.

The department has announced that collectors desiring first day covers may send a reasonable number of addressed envelopes to the Postmaster, Rochester, N. Y. with a money order to cover cost of stamps to be affixed. Postage stamps and personal checks will not be accepted the department stressed. The envelope should be endorsed "first day covers."

Acting Postmaster of the Daly City Post Office, Vincent Murphy, stated that further information may be obtained at the Daly City Post Office.

Bernard Klees, 44-year-old bus driver charged with molesting a 13-year-old Daly City girl, will stand trial in Superior Court Monday, July 14, according to a statement made by his attorney, J. J. Fahey Jr.

The trial climaxes the preliminary hearing in municipal court last month, at which time the Jefferson elementary school bus driver and sheriff's aide faced Judge Thomas L. Bocci and entered a plea of "not guilty."

According to testimony presented before the municipal court, Klees, of 225 Los Olivos avenue, allegedly lured the teenager into his home where he is reported to have criminally attacked her. This, however, has been denied emphatically by Klees, who reportedly has excellent records as bus driver and sheriff's aide.

In her testimony before Judge Bocci late last month, the girl claimed that she was lured and attacked by Klees, with whom she became acquainted while riding the school bus he drove. The attack allegedly took place in February, according to the girl identified by police lieutenant Roy Beecher as the daughter of a prominent business man. The girl, however, did not tell her parents of the alleged assault until sometime last month, at which time they immediately notified police.

Klees was booked for rape and violation of a penal code involving crimes against children.

Donations Continue To Lag For Boerstler Family Benefit Drive

The drive for funds for the widow and children of George Boerstler, who was killed in a gas explosion last month, continued to lag this week.

Peter Markovich, co-chairman of the benefit drive sponsored by the City Employees association, the Fire Department and THE RECORD, stated that to date only $425 have been collected. The fund drive goal has been set at $1500.

Tickets for the benefit are being sold for $1 each and may be purchased from any of the sponsoring groups.

Markovich and co-chairman Fire Chief Elmer Kennedy urged that persons with ticket books begin returning the stubs of the tickets sold.

Appoint Robert M. Kennedy Fiesta Division Director

Appointment of Robert M. Kennedy as director of the Agricultural, Home Economics and Clothing and Textiles divisions of the 20th Annual San Mateo County Fair and Floral Fiesta, was announced today by William M. Wilson, Fiesta manager. Fiesta dates will be August 6 through 14.

REZONING NEIGHBORHOOD FIGHTS MOVE TO REZONE PART OF VALE STREET

WELSH IRATE OVER COUNCIL'S FAILURE TO READ HIS LETTER

The city council meeting twice erupted into heated discussions during Monday night's regular council session.

An early dispute arose over the rezoning of a portion of lot 47 in block nine of the Schoolhouse extention tract.

The property, located on Vale street, is owned by Fred Pasero who is attempting to have the lot reclassified from R-1 to C-1.

Neighbors, lead by spokeswoman Mrs. Guido Merlini, 74 Vale street, urged at length that the request be denied on the grounds that it would be detrimental to the residential area to have a business establishment on the lot in question.

"At the present time we have an R-1 classification," said Mrs. Merlini. "That means that our neighborhood is restricted to single family residences. If the lot is reclassified that will mean that the owner can put anything from a junk yard to a grocery store right next to our homes.

"We live on Vale street and we want to keep it just the way it is. We will fight any move to get any type of reclassification for the property.

"I am sorry Mr. Pasero. You are a fine man and a good neighbor. I have nothing against you personally but this thing you are trying to do is bad," said Mrs. Merlini.

Unidentified members of the audience, all Vale street residents, also commented on the lack of sufficient parking in the area and the danger to the neighborhood children that a business would cause.

Attorney John Putkey, representing Pasero, presented his client's views and asked that the council consider the future growth of the city and the advisability of extending the commercial area as much as possible.

Mayor Joseph Verducci closed the hearing with the reminder, to the residents of Vale street, that the planning commission has already suggested denial of the rezoning request.

Letter Not Read

The second verbal foray was between J. Walsh and City Attorney Frank Blum.

Walsh, who has been one of the figures involved in the local transportation problem and the move to attempt to extend jitney service into Daly City, accused the council of withholding information from the public by failing to read his letter along with the other communications received by the council.

Walsh, in his opening remarks, stated that since a letter which he had written to the council had not been read during the meetings he must conclude that the charges made therein were true.

Reply to Walsh's remark was made by Blum at the direction of Verducci. Blum stated that he and the council had felt it necessary to discuss some of the statements contained in the letter with Walsh before the document was given a public reading.

Walsh, disgruntled by his failure to force the council to read the letter immediately, agreed to discuss it with the attorney following the regular meeting.

Hillside Boulevard

In other action taken by the council it was voted that the Daly City council send a resolution to the county requesting that Hillside boulevard be made

Lovely Day Yesterday? Record Crew Says It Wasn't So! No Sireeee!

The weatherman said Wednesday was a lovely day, but you wouldn't have known it from The Record's pressroom. And all because of a pinion gear, no larger than ten inches in diameter.

The recalcitrant piece of machinery threw a tantrum, threw the big press out of kilter, and the RECORD'S editorial staff and shop crew off schedule.

All this took place as this newspaper was getting set to meet its deadline and, this, dear reader, is why your copy of The Record may be late today.

LOCAL SAFETY RECORD HONORED BY TWO GROUPS

Local officials have received notice that Daly City has received commendations from two safety organizations in recognition of the local achievements in traffic and pedestrian safety.

Daly City has won a commendation certificate in the American Automobile association's nation-wide pedestrian protection contest. There were no local pedestrian fatalities in 1952 or 1953.

Notification of the award was received by Mayor Joseph Verducci and Officer J. D. Walsh, contest representatives here.

The other safety commendation was received from the National Safety council. The commendation carries with it a place on the National Honor roll.

To receive a place on the honor roll a city must have had no traffic fatalities for the 1953 year. Daly City has had none for the past two years.

DAINE COLTHURST WINS HONORS FOR SCHOLARSHIP

For top achievement Diane Colthurst, daughter of Mr. and Mrs. J. E. Colthurst, 93 Muirwood Dr., last week was awarded the scholarship medal during commencement rites at St. John's Ursuline High school in San Francisco.

The award came in recognition of the fact that she maintained the highest average in her class for the fourth-year term. In addition to the medal, Miss Colthurst topped a competitive examination and won a scholarship to the San Francisco College for Women.

As her graduation gift Miss Colthurst leaves on an extended tour of the East, during which time she will visit Chicago, Washington, Philadelphia, New York, Montreal, Quebec and Niagara Falls.

Muni Receives Daly City Offer To Keep Buses Operating Locally

NEWEST PROPOSAL ON BROADMOOR, CEMETERY LINES AWAITS PUC OKAY

The seven-week-long crisis in Daly City's bus transportation service took a new turn yesterday when the San Francisco Municipal Railway officials received from Daly City representatives a new proposal for continuation of the No. 56 and 76 bus routes in the area.

Muni officials will forward the Daly City proposal to the Public Utilities Commission next week, and in the meantime are withholding action on the 30-day ultimatum that calls for elimination of the 56 and 76 routes now in operation here. The ultimatum, which was to have expired Monday night, has been extended until a decision is reached by the PUC.

Proposals Disclosed

City Administrator Dan Andersen, in reporting on the results of their meeting with Muni officials, bared contents of the proposal they presented before officials of the Municipal railway line.

According to the Daly City proposal, both routes can be maintained effectively with an increase in revenue for the No. 56 (cemeteries) route and a decrease in operating expenses for the No. 76 (Broadmoor) line.

Under the plan, said Andersen the estimated 189,943 annual riders who now ride the No. 56 bus free as transfer passengers from downtown will be charged the 15-cent fare, bringing in a new income of $28,491.45 for the line. This revenue would be in addition to the $34,722.75 estimated income from present non-transfer riders. With the reduced fares of $1,051.00 furnished by school children, postal workers and other types of special passengers, total revenue under the proposed plan would come to $64,265.20. Of this amount, $28,491.45 is in added revenue.

Even after deducting 10 per cent for estimated loss and 42,143 transfer passengers at 15 cents, there still would be left a net increase of $22,170, a profit of $1,151.72 over the $21,018.28 loss claimed being claimed by the Municipal Railway.

One Broadmoor Coach

For the Broadmoor (No. 76) route, Daly City officials offer to cut the line's operating cost by using only one motor coach instead of two as at present. Service would be with 30-minute headways, and with the proposed free interchange of transfers between the No. 56 and No. 76 routes, area officials anticipate that the service furnished would be entirely satisfactory.

Figures cited in the Daly City proposal show that under present operation, the No. 76 route annually operates 114,343 miles and 9,877 hours. By using one motor coach, this operation can be cut down to 68,544 miles and 5,080 hours, with no reduction in the quality of service given residents of the area.

By cutting operating miles and hours, said Mr. Andersen, the No. 76 line will be able to decrease its operating expenses in the amount of $30,546.10.

This is the proposal that Muni officials received from Daly City and which they will present to the PUC next week.

No Subsidy

The crisis arose from a demand by San Francisco officials that Daly City subsidize the two routes if it wants to keep them. Failing to do this, the Municipal Railway threatened to abandon the two lines from its present schedule.

Daly City's transportation committee, headed by Councilman Del Wilson, however has been adamant in refusing to put up a subsidy of any kind. Wilson earlier during the negotiations proposed a zone-fare system calling for charges proportionate to distance travelled by the passenger. This, it was thought, might offset the $40,000 deficit claimed by the Muni line on the No. 76 route alone.

Extend 28 Line

Another proposal previously presented before Muni officials sought extension of Muni's No. 28 line which services 19th avenue.

In the meantime, the council has suspended negotiations with one of the three companies—Peninsula Bus Lines, Westmoor Transit Co., and the jitneys—offering transportation service here.

If the PUC should reject the current offer from Daly City, and Muni enforces its 30-day ultimatum by cutting off service on the two routes here, the council will have to renew its negotiations and reach a decision to make public transportation available to area residents.

"CHAMPION" CHIMNEY

The new chimney being built for International Nickel's iron ore recovery plant at Copper Cliff, Ontario, will be the tallest in the British Commonwealth. Soaring 615 feet above a base of 22 feet high, its height will be almost two-thirds that of the famed Eiffel Tower in Parish.

a county road.

In commenting on the request Councilman Sanford Vickers said that approximately 90 per cent of the traffic on Hillside was through traffic. The current condition of Hillside boulevard has been described, in complaints, as terrible.

"Why should local tax payers pay for the maintenance of a road that is used primarily by South City residents traveling to and from San Francisco to work?" Vickers asked.

Two Commendations

The council voted commendations to Jack Marsicano for his faithful and efficient work as a member of the library commission (Marsicano resigned from his commission post recently) and to the local police for their work during the recent golf tournament.

set up according to the state laws governing such groups by the city council as a part of the local improvement policy, according to Sanford Vickers, councilman.

The authority will deal primarily with the off-street parking problem, explained Vickers. The group will study the problem and make recommendations to the city council.

At the present time there are no city ordinances concerning the authority in existance, Vickers said.

Appointment of six firemen to man the new number five firehouse in the Westlake area was also made.

Frank Shreve, 666 San Diego; John Martin, 104 Los Olivos; Elwyn Greenstrand, 374 Templeton; John Castagnola, 813 Mayfair, Herbert Powell, 250 Market; Charles Rivera, 598 Crocker, were named to the fire department for one-year probationary terms.

The six appointees were among the top eight on the Civil Service tests. Two of the eligible applicants waived their rights to the appointment.

The appointment of six men instead of the ten men originally requested by the fire department was the result of a compromise reached by the council in an earlier meeting. At the time the compromise was reached City Attorney Frank Blum explained that provision for hiring 10 men could be entered in the budget and they could be hired as the need arises.

At the same session, announcement was made of a hot dog sale to help the area Girl Scout drive for summer camp funds. The school party will be held tomorrow (Thursday) at the school.

As part of its summer schedule, the sewing group headed by Mrs. Mary Wakefield, will work on items for the bazaar to be held in the fall.

Evolution By Atomic Force Question Of Sharp Park Sermon

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon to be read at Christian Science services Sunday in Sharp Park.

Man's dominion over all materiality is stressed in the readings from the King James Version of the Bible as well as those from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. The Scriptural selections include the account as given in Matthew (14:22-23) of how Christ Jesus and Peter walked on the sea.

Readings from Science and Health include the following: "In proportion as matter loses to human sense all entity as man, in that proportion does man become its master. He enters into a diviner sense of the facts, and comprehends the theology of Jesus as demonstrated in healing the sick, raising the dead, and walking over the wave. All these deeds manifested Jesus' control over the belief that matter is substance, that it can be the arbiter of life or the constructor of any form of existence." (369:5.)

The Golden Text is from Psalms: "God hath spoken once; twice have I heard this; that power belongeth unto God." (62:11.)

California led the nation in the production of turkeys in 1953—a total of 9,863,000 birds.

Extensive Alarm System In City Remains "Unseen"

DISPLAYING the behind the scenes "workings" of the Daly City fire alarm system is Hank Weisner, fire department member and officer in charge of maintenance of the system. The large boards control the circuits and show the maintenance man the condition of the circuits. TIMES photo

Daly City citizens who daily wait for the fire department horn to blow to take their noon hour break usually fail to realize that "the horn" is just one small part of the extensive local fire alarm system that costs the taxpayers thousands of dollars to install.

The fire horn, which is a part of the original alarm equipment, is not one, but four air horns, each with its own compressor and air tanks. The horns, located strategically about the city, are blown to call out the 57 man volunteer fire department, to signal the noon hour and sound the air raid alarm.

According to fireman Hank Weisner and Chief Elmer Kennedy, few people even realize where the fire alarm building is located, despite the fact that it is situated directly in back of the City Hall.

Blow At Noon

Weisner, the maintenance man and a member of the volunteer fire department for five years and of the regular department for three years, is in charge of the job of keeping the system in top running order. The horns blow at noon each day to check their operation.

The complicated system includes the neighborhood boxes, the Police Department warning alarm and the alarms located in each of the five local stations.

From the moment the alarm is turned in at one of the 115 boxes on the street corners there are six locations in town that are aware of the fire. As soon as the alarm is given at the box, a tap in the police department and one in each of the fire houses records the number from which the alarms originated.

Engines Roll

When the box number is determined the engines assigned to the area roll immediately. One extra truck is assigned to stand by. In addition, if the department feels it may be warranted, the horn blows and the 57 local volunteer firemen are alerted.

The entire cost of the system today is undeterminable, according to Chief Kennedy. When it was originally installed in 1920 the system cost $24,000. In 1946 the city converted to the current Gamewell system at a cost of $96,000.

Stand-By Batteries

To forestall the event of the alarms not working due to a power failure of some type an extensive array of batteries stand by, always ready, to take over the job of providing the city with fire alarm service.

According to Weisner the better the system the lower the classification awarded the department by the National Fire Underwriters. At present the department is in the fourth classification and hoping for the third classification in the near future Weisner said.

"The third classification would be good," said Kennedy, "especially since we only have 13 full time men in the department."

MOMENT OF CARELESSNESS

Don't indulge in that one moment of carelessness that can burn down a forest, advises the National Automobile Club. Don't flip that still lighted cigarette, cigar, pipe ash, or match out the window of your moving car, but crush it completely out in your ash tray.

Dear Editor:

All members of Cub Scout Pack 243 wish to say "thanks a million" to everyone for the wonderful support given our Cub Scouts during the recent paper drive which netted us almost three tons of paper.

We especially wish to thank James Donahue, of Donahue Motors, 6232 Mission, and John Pappas for the use of their trucks to transfer the paper to a central spot.

But for the generosity of these two men, the job would have been a tremendous one. Thank you.

Chaffed Hands, Backache In Store For Thief Who Swiped Bag Off Porch

If the thief who made off with the canvas bag on the front porch of a Westlake home yesterday doesn't watch out, he'll wind up with chaffed hands and a nagging backache, according to the Daly City police.

The brown bag, police said, was deposited on the porch by Junis Powell Jr., of 392 Glenwood drive, before he left for work at 7:30 a.m. yesterday. It was to have been picked up by the laundryman.

When Powell returned at 7:30 o'clock that night, his neighbor informed him that the laundryman was looking for the bag. A check with the laundry shop failed to turn up the missing sack which contained four men's white shirts, a blue shirt, a T-shirt, a pair of men's shorts, and a pair of blue striped pajamas.

The clothes are all dirty.

LION TALES

By Joseph Belli Jr.

On installation night, June 19, the following members will be presented with perfect attendance pins for having completed 32 consecutive weeks of attendance. They are Roy Arneson, Melford Battye, Joseph Belli Jr., Richard Crane, Lynn Downs, Elio A. Fontana, Thomas Laramie, John Radhuber, Ira Neville, Walter Rector, Edward Weisenburger, and Hal Willis.

The program for June 23 will be Professor Francis Wilson of City College of San Francisco, speaking on Color Planning in Office and Business.

To continue functioning as we have been in the past, we must have the support of every member. By support we mean eye on the ball performance, as well as 100% attendance and the discontinuance of the eat-and-run policy on meeting days. There is no surer way to undermine enthusiasm than to get up and leave before the business session and program are over. If you should go to the trouble of checking on the so-called knife and fork clubs you would find that in almost every case they got that way by virtue of the eat and run policy, and since we know that is not what we want, please don't get up and leave as soon as your tummy is full.

The objects of the Daly City-Colma Lions club are, first, to form a body of men thoroughly representative of the business and professional interests of the community, to unit its members in the closest bonds of good fellowship and to promote closer business and social union among them. Second, to encourage active participation in all things that have to do with commercial, civic, and industrial betterment. Third, to uphold the principles of good government. Fourth, to assist in every honorable way in furthering the interests of the members and towards bringing about a better understanding among men. Fifth, to teach that organization, cooperation and reciprocity are better than rivalry, strife and destructive competition. Sixth, to encourage the application of the highest ethical standards in business and endeavor, by the exchange of methods and ideas to increase efficiency in all lines represented.

The Daly City-Colma Lions club became active in 1940 with Joe Warren presiding as presdent and Andrew Vireno completing the fiscal year to June, 1941. Dale Hovey served as president during 1941-42. James Schultz, 42-43, R. E. Bennett and Weisenburger was president in 44-45. Larry Comer served as president during 45-46. Edward Burnes took over the leadership during 46-47. Stanford Hannah became president in 47-48, while Arnold Panella became president in 48-49. Succeeding Arnold was Elio Fontana during 49-50. He was relieved by Gil O'Shaughnessy in 50-51, followed by Ira Neville in 51-52, and Hal Willis taking over for 52-53 and thereby coming up to our present president Walt Rector who began as president in July, 1953.

My Mad World

By Leonore Brewer

Saturday night at the War Memorial Opera House the New York City Ballet will present the first of 17 performances. Opening night is of special interest to local ballet enthusiasts as it is for the benefit of our own San Francisco Ballet Company which has contributed dancers, ballets and even a director, Lew Christensen, to the New York Company.

As twenty-one ballets will be presented during the next two weeks, it is impractical to list all of them in this column; however, mention should be made of a few which have special interest. There will be two works new to San Francisco audiences: "Picnic at Tintagel," based on the Tristan and Isolde triangle without Wagner, and "Valse-Fantaisie," a new Balanchine ballet set to music by Glinka.

The second act of "Swan Lake" will be given for the audience that likes its ballet "classical," a word we almost hesitate to use, remembering the violence of the storm that arose in our home the other night during an attempt to define what is meant by this term.

If you are allergic to the "white" (a much safer word) ballet, then let us unqualifiedly recommend Jerome Robbins' "The Cage," which was first presented by the New York City Ballet at the City Center in New York in June of 1951.

For some obscure reason clear only to the stronger sex, the subject of the female being deadlier than the male seems to have a peculiar fascination for ballet choreographers, most of whom are male. Without even trying we can recall three ballets based on this slanderous assumption. There was "The Drangonfly" in "Tales of Hoffman," where the female first lured, then disposed of the male and danced triumphantly away. Then there was "The Dryad" premiered by the San Francisco Ballet not so long ago. This was a tasty little tale contributed by James Graham-Lujan, the company's artistic director, and featured a vampirish female enjoying her victime right down to the last drop of his blood.

But by far the most grim of the three is "The Cage" with it insect-like Amazons. It is an intense, savage and exciting work, definitely not for the squeamish, but when danced by a ballerina possessing the necessary dramatic power, it has a terrifying beauty that is quite overwhelming. But of course this is only one woman's opinion.

It is possible that a man would feel only a cold shiver.

The "Star," San Francisco's first newspaper, was started January 9, 1847, by Samuel P. Brannan and Elbert P. Jones.

BOOKMOBILE NOTES

By Martha Dobson
Bookmobile Librarian

Before I forget, and before the "Kindern" at Garden Village school throw a hissy, I'd better explain what the schedule will be for the summer in the Broadmoor-Westlake area.

Our last stop at Garden Village was Monday, June 14. We will still be stopping every Monday night from 3:30 to 5:30 and from 6 to 8 p.m., and at Broadmoor from 4 to 8 every Thursday evening so the children may pick up books at either stop. We hope that this announcement will calm their fears.

Appropos of the kiddies' reading for the summer; we are planning to have a "Book Worm Club" at the Broadmoor stop starting around the first of July. That is, if the children are interested in that kind of a reading program during the summer. Either Mr. Lee or I will be glad to explain further to anyone who is interested.

You know, after a few weeks away from writing this column it's a little hard to get back in the swing of things. What with politics and the plethora of newspaper ads that accompany same, a few things are bound to suffer around a newspaper. For this session, it was this column which received the treatment through about three issues, so I got a vacation from writing.

The hiatus between columns gave men an opportunity to develop a few thoughts which have circulated foggily in my brain for some time.

One of these random thoughts jellied as I read an item in a recent news bulletin from the Santa Clara Library. Entitled "Let the Teen-age Reader Come of Age," its thesis was that teen-agers should be allowed to read adult and modern books.

When I was in high school it used to make me furious to be told that I couldn't check a certain book or books out of the library. It took a note from my mother to get me the privilege of checking out those books. It was, and is, a silly procedure. Reading those books didn't harm me, and today's books probably would do no more damage to today's teen-agers. It certainly couldn't give them more ideas than they get by just being in and of this generation of kids.

No doubt some mentally disturbed or immature teen-agers might get some bad ideas from books, but the majority of mentally healthy and stable youngsters should not suffer because of the instability of a few.

It is difficult to stretch a tight budget far enough to provide the adult readers with the books they want and still allow the teen-agers to compete for the best-sellers.

However, teen-agers are young adults, and should be allowed to do their reading on a more mature level. They should be able to read any book which will help to develop them into more mature readers.

17. **Hearing on Report.** Monday, the 12th day of July, 1954, at the hour of 2:00 o'clock P.M. at the regular meeting place of said Board, 7328 Mission Street, Daly City, California, are hereby fixed as the time and place for hearing on said report filed with the Secretary of this District, and the Secretary shall publish notice of said hearing and of the filing of said report once a week for two successive weeks prior to the date set for hearing, in The Record, a weekly newspaper of general circulation printed and published within the District, and shall cause to be mailed notice of the filing of said report and the time and place of hearing thereon to each person to whom any parcel or parcels of real property described in said report is assessed in the last equalized assessment roll available, at the address shown on said roll or as known to the Secretary.

18. **Final Determination of Charges.** Upon the conclusion of the hearing on the report, the Board will adopt, revise, change, reduce or modify any charge or overrule any or all objections and shall make its determination upon each charge as described in said report, which determination shall be final.

19. **Filing of Report with County Controller.** On or before the 10th day of August of each year, following the final determination of the Board, the Secretary shall file with the County Controller of San Mateo County a copy of said report with a statement endorsed thereon over his signature that it has been finally adopted by the Board of the District, and the County Controller shall enter the amounts of the charges against the respective lots or parcels of land as they appear on the current assessment roll.

Yanks Belt Sharps In Midget League Opening Games

The first of the Daly City recreation department's official summer league games for juveniles opened Tuesday at the Jefferson High school grounds with a better-than-average crowd of adults as spectators.

The Broadmoor Yanks, playing in the Midget League for 8 and 10-year-olds, easily ran off with victory in the opening game by whipping Sharp Park No. 1 to the tune of 15-3. Highlight of this game saw John Hyndman belt a homer in the fourth inning with two men on base. It was this that started the Yanks' series of trips to the plate.

In the feature game, the Daly City Midgets drew a similar gap between themselves and their opponents, the Broadmoor Eagles, by coming out top men in a 16-4 contest. Sparking this game were the Midget's Harry Krohn, who popped three hits in three trips to the plate, and Joe Morales, whose roundtrip in the second inning earned runs for himself and two other boys on bases.

Broadmoor avenged the Eagles' defeat, however, when the area's Giants won a tight battle against Sharp Park No. 2 in the opener's night cap. The score was 6-4.

In this game, Stan Peoples, Broadmoor Giants' short-stop, broke the ice by slamming a hit in two trips to the plate and earning a run for himself.

Next week, Tuesday, June 22, Midget League games will see Sharp Park No. 1 pitted against Sharp Park No. 2 in the opening contest. Broadmoor Yanks will face the Eagles from their area in the second battle, while Daly City Midgets lock horns with the Broadmoor Giants in the night-cap and feature game of the evening.

All Midget League battles are twilight games played on Jefferson high school's diamond.

Two more juvenile leagues get off to a start Saturday, June 19, when the Little League for 10 and 12-year-olds and the Junior League for 13 and 15-year-olds, play their opening games.

Here is the schedule for Saturday's games:

DALY CITY'S DON MOSSI WINS FOR TRIBE IN BIG LEAGUE BASEBALL DEBUT

Don Mossi, ex-moundsman for Glenn "Cookie" South's Jeff high brigade, met his first big league test Wednesday and came out with flying colors.

The Daly City southpaw, a rookie in the Cleveland Indians' camp, pitched his first major league game, striking out eight of the Washington Nats and holding them down to four measly hits until the seventh inning, when the Indians' Ray Narelski finished for Cleveland. Narelski yielded the Nats one more hit in the last two rounds, ending the game with a 5-1 victory for the Indians.

Mossi's performance Wednesday was a feat highly applauded by his many friends here who watched Don develop his arm at Jefferson high and as a member of Dick Murray's Gordon Realty team.

Son of Mr. and Mrs. Louie Mossi of Redwood City, Don learned the ropes from Joe Sarto, longtime semipro manager here who is credited by the elder Mossi as having played a key role in the southpaw's baseball development.

JOHNSON'S TAMALES WIN LEAGUE TITLE

Something new has been added to the Johnson's Tamale window in Westlake: a handsome trophy proclaiming the Tamale Nine champions in the San Francisco recreation department's Spring "A" league.

It was a tight battle the Tamale boys fought before they earned the 4-3 victory over the Buccaneers in the Funston park playoff Sunday.

Billy Flowerday, hurling for the Johnson boys, came through with a masterful performance, allowing the Bucs only four hits. Flowerday also shone in the slugging department, knocking out a homer and earning another hit off the Bucs hurler.

A capacity crowd watched the playoff teams battle for the league trophy, the first time the Tamale boys have won in 10 years.

The championship lineup follows:

The judge sentenced each to 30 days in the county jail. The sentences were suspended on the condition that they each pay $150 fine.

Westlake 9 Bows To Guadalupe Blues By Score of 7 to 10

Tragedy stalked the Westlake Homes Nine last Sunday when Jack Ingles' young outfit suffered its second defeat in as many games, losing 7-10 to the veteran Guadalupe Blues.

It was a see-saw affair, with scoring chalked up alternately throughout the game played at San Mateo's Fitzgerald field.

On the mound for the Westlake Nine was Merle Craddick, who was later replaced by Angelo Marracini. Facing them for the Blues were Kreiger, who led off at the mound, and B. Harrington, who finished the game.

Today at 7:30 p.m. the Westlake Nine will face Syl-Service at Funston No. 1 in San Francisco. There will be no game Sunday because of the East-West tussle, but the following week will see the opening of the Funston Night League which will feature the local nine in more action.

Westlake's first game Sunday before last was a disastrous capitulation to the Sarto A.C. which trounced the area lads 6-2.

Sunday's lineup follows:

SPONSORS, SWATTERS SOUGHT BY ARROWS FOR LOCAL GAMES

WANTED: A sponsor for the Daly City Arrows!

This invitation to sports-minded area merchants was put forward this week by Lynn Akeridge, manager of the juvenile hard-ball team which shows promise of acquitting itself in the Daly City summer league.

A first-year contingent, the Arrows is made up of diamond artists in the 10 to 12-year-old class. Art Banes and Steven Lyons are co-captains, the latter having recently replaced Richard Monti and bringing with him five players from the now-defunct Mount Edgewood team.

Manager Akeridge has worked out a fast and fancy-playing infield combination with his strong three-man pitching staff. Right now, the Arrows' big need is for some long hitting outfielders and more catching strength.

Youths interested in joining the group may call Steve Lyon at PLaza 5-3907 between 5 and 7 p.m.

The Arrows also seek independent games with teams in its class.

SCOUTS CONTINUE DRIVE FOR FUNDS TO IMPROVE SONORA CAMP SITE

Pledges amounting to $1,000 have been received from area business men in the Capitol fund drive of the North San Mateo County Girl Scout Council, according to Peter Markovich, drive chairman.

The campaign, now in its third week, seeks $50,000 for development of swimming and sanitary facilities at Sonora camp for Girl Scouts.

In the meantime, neighborhood chairmen continued their work of reaching parents and friends of Girl Scouts.

Mrs. Gerri Smith, Peoria neighborhood chairman, reported various fund events conducted in the past week, among them a movie party and social held June 10 by Brownie leaders and troop committe heads. Two auctions have also been slated by the Peoria group, one of them conducted last week and the second scheduled for Friday.

The second sale will be conducted Friday ,June 18, at the Scout house, 200 Peoria, according to Mrs. Gerri Smith, neighborhood chairman.

Ceramics, jewelry and household articles donated by Daly City merchants, will be put on the block and auctioned off to highest bidders in the $50,000 campaign to raise funds for Camp Sonora, North San Mateo County's newest Girl Scout troop site.

Co-chairmen of tomorrow's auction event are Mrs. Ann Ingersoll, Mrs. Frances Windhurst and Mrs. Anne Eason.

Lunch will be served from 11:45 a.m. and the sale will continue all afternoon.

From Crocker and Pershing PTAs, contributions came from proceeds of the groups' hot dog sales.

The current drive is being waged in several districts included in the northern council, among them Daly City, South San Francisco, San Bruno and Millbrae.

Sonora Camp is a year-round site for use by Brownie troops as well as Senior and Intermediate Girl Scouts.

Little League's Westlake Beavers Whip Associated 9

The Westlake Beavers, relegated to the loser's corner in all their practice games with Dee's Associated, Tuesday night turned the tables on their rival and chalked up a 10-0 vitory in the final practice game of Daly City recreation department's Little League.

The turnabout took place in South San Francisco's Orange Park, where Howard McKee and Dave Gehre sparked the Beavers to its first triumph.

There were several fielding gems during the encounter, but the best was Steve Oppermann's stab of a line drive.

Dee's Associated suffered in the pitching department, as five of their hurlers went to the hill.

Included in the Beavers lineup Tuesday were Jim Garrison, Jim Sebastiani, George Cosmos, John Brown, Roy Roberts, John, Tony and Jimmy Sarro, Steve Oppermann, Ross Holmgren, Dave Gehre, Howard McKee, David Bosberry, Mike Giuffre and Rene Lairion.

Formal start of games in the Little League takes place Saturday, June 26, on the Jeff High school grounds when the Beavers tangle with Holy Angels at 12 noon, and Dee's Associated faces Sarto's No. 1 in the 10 a.m. battle

DALY CITY RAIDERS FACE BUSY SCHEDULE IN SUMMER LEAGUE

An extensive summer baseball schedule, with raids set for various diamonds — from North Beach to Santa Cruz—looms ahead for the Daly City Raiders, hard-hitting area nine.

Already entered in the Daly City Recreation Summer league, the Raiders have also been accepted in the 10-team Peninsula league.

In addition, four combination picnic-ball games have been arranged by the local team with the Chinese at North Beach, the Portuguese at Pescadero, the Palo Alto nine at Palo Alto, and a Mexican contingent at Santa Cruz.
